Nacer Kraa
Full-Stack Developer

Experienced full-stack developer with a strong background in Java, Node.js, and Express.js, as well as expertise in front-end technologies. Skilled in designing and developing back-end solutions, managing databases, and optimizing performance. Proven ability to work both independently and collaboratively in fast-paced environments. Strong problem-solving skills and a commitment to delivering high-quality code. Currently seeking a challenging position as a back-end developer to leverage my skills and contribute to innovative projects.
